

Future-Proof Me Series

Leading with Clarity & Courage When AI Changes Everything

How leaders stay human, credible, and decisive

Who is this for?

Senior leaders • People managers • HR & L&D • Coaches navigating ambiguity and AI adoption

Why This Matters

Leaders face a paradox: AI can accelerate productivity, but it can also amplify fear when humans aren't at the center of change.

What You Will Learn

Module 1: AI in the Workplace — The Paradox of Promise and Fear

- *Understand hard research on adoption, fear, and opportunity.*

Module 2: Reframing AI — From Replacement to Enabler

- *Human responses to rapid change and identity disruption.*

Module 3: Leading with AI Without Losing Humanity

- *Ethics, accountability, connection, and human judgment.*

Module 4: Coaching Teams Through AI-Driven Ambiguity

- *Practical scripts and roleplays to lead team dialogues.*

Module 5: Personal Leadership Integration

- *Tools to turn insight into action across your organization.*

Outcomes You Will Walk Away With

- Ability to speak confidently about AI with evidence
- Practical frameworks to lead in uncertainty and ambiguity
- Coaching-based skills to support teams through change
- A communication and implementation plan that reduces fear
- A 3x1-hour 1:1 coaching support (optional)

Format & Logistics

- Live virtual
- ⌚ Jan 2 & 9, 2026 at 8:00 – 9:30 pm (MST)
- 👤 The training will be conducted in Cantonese. All training materials will be provided in English.

Pricing

- Program: C\$350 per participant + 5% GST CA
- Coaching Support: C\$300 per participant + 5% GST CA (optional)

About the Facilitator
